

PROJECT ARMS

Description of the Company

- Established in 1970, the Company is a leading supplier of arms and ammunition in India that includes handguns, shotgun, rifles, airguns & air pistols, ammunition and pellets or accessories
- It imports cartridges, Air Weapons and other defence equipment from Czech Republic and United Kingdom to be supplied to wholesalers & retailers PAN India
- Has own workshop wherein they provide repair services by the team of experienced gun smiths
- Founded by ex-Indian Army veteran who is passionate about bringing latest technology to India in defence domain

Transaction & Highlights

The company plans to set up its own manufacturing unit for production of firearms mainly handguns & shotguns for civilian market and paramilitary forces in India as well as manufacture ammunitions for export purposes. The company is looking to forge a Joint Venture or enter into a technology licensing arrangement with a well-established foreign arms manufacturer.
